

STEPHENVILLE ISD DISTRICT OF INNOVATION PLAN

The 84th Legislative Session passed House Bill 1842 allowing school districts to have greater local control while becoming a District of Innovation. This opportunity will allow for flexibility regarding certain state level rules and regulations in order to transform and make improvements to better serve the students of Stephenville ISD.

Stephenville ISD District of Innovation Plan will remain in effect for five years beginning in January 2017 through January 2022.

Stephenville ISD Mission Statement

Empowering learners to achieve excellence through initiative and integrity.

PERSONALIZATION

Stephenville Independent School District-- Strategic Plan Goals

Goal 1: Provide a caring and compassionate culture where students can effectively communicate, collaborate, and create, in a way that enables them to connect and function effectively as a lifelong learner.

Goal 2: Provide a challenging curriculum in tune with evolving technology advancements enabling students to be competitive and successful in the global marketplace.

Goal 3: Provide daily instruction that challenges students to think creatively, critically, and collaboratively.

Goal 4: Provide assistance for each student to envision their individual potential, within the context of global workforce, enabling personal responsibility, and provide them the avenues for

Goal 5: Provide challenging education programs delivered by a broader curriculum supported by professional learning that will give students the qualities and skills needed to succeed in the 21st

Goal 6: Provide safe and secure educational facilities that enhance an educational experience that is sought after by students all over the country.

- * January 23, 2016 Stephenville ISD School Board Meeting
Board of Trustees adopted the proposed District of Innovation Plan.
- * January 24, 2016 Stephenville ISD sends approved plan to the Commissioner of Education for final approval.

Statues Under Considerations

School Start Date

Education Code 25.0811 SISD Board Policy-EB Legal and EB Local

First Day of Instruction. (a) Except as provided by this section, a school district may not begin instruction for students for a school year before the fourth Monday in August.

SISD Innovation Strategy

Stephenville ISD would like to have the opportunity to develop a calendar that best meets the needs of the students and community. This would align the district calendar more closely with local universities, and better balance the first and second semester providing more instructional days prior to state testing. It would also allow more timely and meaningful staff development throughout the school year for the teachers.

Teacher Employment Contracts

Education Code 21.102 (B) SISD Board Policy-DCA Legal

(b) A probationary contract may not be for a term exceeding one school year. The probationary contract may be renewed for two additional one-year periods, for a maximum permissible probationary contract period of three school years, except that the probationary period may not exceed one year for a person who has been employed as a teacher in public education for at least five of the eight years preceding employment by the district.

SISD Innovation Strategy

For experienced teachers or counselors new to the district that have been employed as a teacher/counselor in public education for at least five of the eight previous years, a probationary contract may be issued for up to two years from the last date of district employment. The same rules will apply for any teachers/counselors returning to Stephenville ISD. This will allow the district more time to evaluate a staff member's effectiveness.

Teacher Certification

Education Codes 21.003; 21.053; 21.055; 21.057

SISD Board Policy-DBA Legal/Local; DK Legal/Local

TEC 21.003 states that a person may not be employed as a teacher, teacher intern or trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued by the appropriate state agency. In the event a district can't locate a certified person, the district must request emergency certification from TEA and the State Board of Educator Certification.

TEC 21.053 requires a teacher to present their certificate to the District before their employment contract will be binding and prohibits the District from paying an educator for teaching if the educator does not hold a valid certificate at that time.

TEC 21.055 states that if a teacher is not certified, the District may issue a teaching permit to employ the individual.

TEC 21.057 requires that the District provide written notice to parents if any inappropriately certified or uncertified teacher is assigned to a classroom for more than 20 consecutive days.

SISD Innovation Strategy

State certification will not be required for teachers of Career and Technology (CTE Courses). SISD would like the flexibility to consider entering into at-will employment agreements with noncertified individuals that have field experience in a CTE field or a vocational skill that would provide more options for students and flexibility in scheduling.
